

Sequential (Changing the Baby's Diaper)

- 1) Gather diaper supplies that are needed for changing.
- 2) Wash and/or sanitize hands before changing a diaper
- 3) Remove tabs of the dirty diaper.
- 4) Wipe the baby's bottom from front to back using as many wipes that are needed to clean the baby.
- 5) When finished, pull dirty diaper away from the baby.
- 6) Fold up the dirty diaper and throw it away.
- 7) Slide the clean diaper under the baby lifting his/her feet.
- 8) Fasten the diaper on each side with tabs making sure the diaper is snug but not too tight.
- 9) Redress baby and put him/her in a safe place and go wash and/or sanitize your hands.

Conditional

- 1) 1) Gather diaper supplies that are needed for changing.
- 2) Wash and/or sanitize hands before changing a diaper
